BASIS, PURPOSE, AND STATUTORY AUTHORITY

The basis for and purpose of these rules is to describe the manner of regulation over persons providing transportation services by motor vehicle in or through the State of Colorado. These rules address a wide variety of subject areas including, but not limited to, safety; civil penalties; the issuance, extension, transfer, and revocation of authority to operate as a motor carrier; insurance and permit requirements; tariff and time schedule requirements; the identification, condition, and leasing of motor vehicles; record keeping; and service standards. These rules cover an array of carriers, including common carriers, contract carriers, hazardous materials carriers, towing carriers, movers, and limited regulation carriers (charter buses, children's activity buses, luxury limousines, off-road scenic charters, and fire crew transport). In addition, these rules cover motor carriers, motor private carries, freight forwarders, brokers, leasing companies, and other persons required to register under the Unified Carrier Registration Agreement, pursuant to 49 U.S.C. § 14504a.

The statutory authority for the promulgation of these rules can be found at §§ 40-2-108, 40-2-110.5(8), 40-3-101(1), 40-3-102, 40-3-103, 40-3-110, 40-4-101, 40-5-105, 40-7-113(2), 40-10.1-101 through 507;42-4-235, 42-4-1809(2)(a), 42-4-2108(2)(a), and 42-20-202(1)(a), C.R.S.

- (g) A passenger carrier shall not permit a driver to drive for the passenger carrier if:
 - (I) the driver has not complied with this rule and § 40-10.1-110, C.R.S., as applicable;
 - (II) the driver is disqualified and prohibited from driving under paragraph (j) of this rule; or
 - (III) the driver's qualification status has expired.
- (h) Passenger carriers are authorized to contact the Commission regarding whether a particular driver has been disqualified and prohibited from driving.
- (i) A passenger carrier shall, as a condition of continued contract or employment, require a driver to submit his or her fingerprints to the Commission for a record check:
 - (I) at least once every five years; and/or
 - (II) within ten days of becoming aware that the driver has been convicted of the offenses listed in paragraph (f) of this rule.
- (j) Driver qualification determinations.
 - (I) Upon the Commission's receipt of a completed record check, Commission staff shall make the initial qualification determination regarding the driver's qualification status under paragraph (f) of this rule.
 - (II) In making its initial qualification determination, Commission staff is authorized to request from the driver, and the driver shall provide, additional information that will assist Commission staff in making the initial determination regarding the driver's qualification status. If, within 15 days of Commission staff's request, a driver does not provide such additional information or a reason explaining why it is unavailable, Commission staff may disqualify the driver.
 - (III) Commission staff shall provide notice to the driver of its initial qualification determination. The Commission will also maintain a password-protected web page in its website which lists all driver approvals and disqualifications. The webpage may only be accessed by pre-authorized parties as determined by Commission staff. If Commission staff initially determines that the driver is disqualified and prohibited from driving, the driver may, within 60 days of Commission staff's notice, petition the Commission for an order reversing Commission staff's initial determination.

- (IV) Upon the filing of a petition to reverse Commission staff's initial determination:
 - (A) Commission staff shall be an indispensable party and shall bear the burden of going forward to demonstrate the reasons for its initial determination;
 - (B) the driver shall bear the burden of proving that Commission staff's initial determination is not supported by fact or law; and
 - (C) the Commission will consider the petition using the standards set forth in § 24-5-101(2), C.R.S.
- (V) Commission staff's initial qualification determination may be relied upon by all persons, unless and until the Commission reverses Commission staff's initial qualification determination.
- (VI) A Commission finding that reverses an initial disqualification of a driver shall remain in effect for future fingerprint resubmissions. The reversed violation shall not be the basis for future disqualifications.
- (k) The Commission and Commission's staff may consult and use any commercially or governmentally available information source in conducting criminal history record checks. The Commission may require a name-based criminal history record check of a driver who has twice submitted to a fingerprint-based criminal history record check and whose fingerprints are unreadable or unclassifiable.
- (l) At any time, Commission staff shall disqualify a previously qualified driver whose subsequent conviction meets the criteria of this rule.

COMMON AND CONTRACT CARRIER RULES

Rules Generally Applicable to Regulated Intrastate Carriers.

6200. Applicability.

Rules 6200 through 6299 apply to all common carriers, all contract carriers, and to all Commission proceedings and operations concerning common carriers, contract carriers, applicants, employees, and drivers. Rules 6250 through 6258 are specifically applicable only to taxicab carriers.

6201. Definitions.

In addition to the generally applicable definitions in rule 6001, the following definitions apply only in the context of these regulated intrastate carrier rules:

- (a) "Auto livery" or "auto livery service" means the transportation of passengers by common carrier, including the transportation of passengers in scheduled and/or call-and-demand service. This term is only used in historical authorities.
- (b) "Capable," as used in § 40-10.1-204(1), C.R.S., means ready, willing, and able to provide services under the terms of the common carrier's authority. Capability may be evidenced by, among other things, ongoing transportation operations or good faith efforts to conduct such operations under such authority.
- (c) "Call-and-demand," "on call-and-demand," or "call-and-demand service" means the transportation of passengers not on schedule. Call-and-demand service includes charter service, limousine service, shuttle service, sightseeing service, and taxicab service.
- (d) "Chartering party" means a person or group of persons who share a personal or professional relationship whereby all such persons are members of the same affiliated group, including, a family, business, religious group, social organization or professional organization. "Chartering party" does not include groups of unrelated persons brought together by a carrier, transportation broker, or other third party.
- (e) "Charter service" means transportation of a chartering party.
- (f) "Flag stop" means a point of service designated by a common carrier on its filed schedule, which point is located between two scheduled points on the scheduled route. Typically, the common carrier does not designate a specific time for service to the flag stop; if the common carrier does designate a specific time for service, the time is considered to be an approximation.
- (g) "Limousine service" means the transportation of passengers charged at a per-person rate, and the use of the motor vehicle is not exclusive to any individual or group. The term "limousine service" is distinguished from the term "luxury limousine service" as used in Article 10.1 of Title 40, C.R.S. This term is only used in historical authorities.
- (h) "Outstanding authority" means an existing authority, or any portion thereof, which is not under suspension.
- (i) "Schedule," "on schedule," or "scheduled service" means the transportation of passengers between fixed points and over designated routes at established times as specified in the common carrier's time schedule as filed with and approved by the Commission.
- (j) "Shuttle service" means the transportation of passengers charged at a per-person rate and the use of the motor vehicle is not exclusive to any individual or group.
- (k) "Sightseeing service" means the transportation of passengers for the sole purpose of viewing or visiting places of natural, historic, or scenic interest, such that the transportation originates and terminates at the same point.
- (l) "Special bus," "special bus transportation," or "special bus service", for historical purposes, means the transportation of passengers by common carrier:
 - (l) not including ordinary and continuous scheduled service;

- (II) rendered generally on weekends, holidays, or other special occasions;
 - (III) with a fixed termination date; and
 - (IV) to a number of passengers whom the carrier on its own initiative has assembled into a travel group, through its own promotion and sale of individual tickets, for a trip or tour planned by the carrier.
- (m) "Tacking" means the joinder of two or more separate authorities or two or more separate parts thereof at a common service point for the purpose of providing a through service.

6202. Prohibitions.

- (a) Without specific approval by the Commission, no regulated intrastate carrier shall:
- (I) combine or tack two or more separate authorities or two or more separate parts of an authority in order to render a transportation service not authorized by any individual authority or part thereof;
 - (II) extend, enlarge, diminish, change, alter, or vary the territory, route, or service authorized by its authority;
 - (III) serve any point not included in its authority;
 - (IV) abandon or suspend operations under its authority; or
 - (V) file a tariff or time schedule whose applicability or scope violates this rule.
- (b) No regulated intrastate carrier shall by any means, directly or indirectly, sell, lease, merge, consolidate, assign, license, encumber, or otherwise transfer any right or interest in any portion of said regulated intrastate carrier's authorities, except as specifically provided by Commission order, rule 6205, or Article 11.5 of Title 40, C.R.S.
- (c) No regulated intrastate carrier shall transfer any authority by means of foreclosure of an encumbrance or by means of an execution in satisfaction of any judgment or claim, except as approved by the Commission. The fact that the Commission has approved an encumbrance is not an indication that a transfer has been authorized.

6203. Applications to Operate as a Common or Contract Carrier.

- (a) Any person seeking permanent authority to operate as a common or contract carrier, or permanent authority to extend a common carrier certificate or contract carrier permit, shall file an application with the Commission. The application shall contain the following information:

Due to the presumed public need in § 40-10.1-203(2)(b)(II)(B), C.R.S., letters of support are optional when the proposed service is taxicab service within and between the counties of Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas, El Paso, and Jefferson. Due to the presumed public need in § 40-10.1-203(2)(b)(II)(B), C.R.S., a statement of fact is optional when the proposed service is taxicab service within and between the counties of Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas, El Paso, and Jefferson.

 - (XVII) If applicable, a statement identifying current authorities issued by either a state or federal agency, authorizing the applicant or any affiliate to provide for-hire transportation of passengers in the State of Colorado.

 - (XIX) A statement indicating the town or city where the applicant prefers any hearing to be held.
 - (XX) A statement, signed by the applicant, that the application contains only information that is true and correct to the best of the applicant's knowledge and belief.
- (b) Any person seeking temporary authority to operate as a common or contract carrier, shall file an application with the Commission, which shall contain the following information:
- (I) all the information specified by paragraph (a) of this rule, except that:

- (A) any letters of support shall contain the following additional information: an explanation of the immediate and urgent need for the proposed service; whether there is any other transportation service available; if such service is available, a detailed description of the author's efforts to use it and whether it is capable of meeting the author's needs, and the extent to which available transportation services have refused to provide service;
 - (B) the statement of facts shall also establish an immediate and urgent need for the proposed service and further establish that no existing regulated intrastate carrier is capable of providing the proposed service; and
 - (C) the statement in subparagraph (a)(XVIII) is unnecessary.
- (II) a statement indicating whether the Commission has previously granted to the applicant authority to render all or any part of the proposed service and the decision number granting the authority; and

- (c) Any person seeking emergency temporary authority to operate as a common or contract carrier, shall file an application with the Commission. The application shall include a statement of facts establishing the basis and nature of the emergency need for the proposed service. Letters of support shall explain the basis and nature of the emergency.
 - (d) The granting of emergency temporary authority creates no presumption that temporary or permanent authority will be granted. The granting of temporary authority creates no presumption that permanent authority will be granted.
 - (e) Burden of proof for contract carrier applicants.
 - (I) A contract carrier applicant shall bear the burden of proving that the service it proposes is specialized and tailored to the potential customers' distinct needs.
 - (II) Such a showing is overcome by an intervenor's showing that the intervenor has the ability and willingness to meet the potential customers' distinct need.
 - (III) If the intervenor makes such a showing, the applicant shall bear the burden of proving that the applicant is better suited than the intervenor to meet the distinct needs of the potential customer.
 - (IV) The intervenor may overcome such a demonstration by establishing that the applicant's proposed operation will impair the efficient public service of any common carrier then adequately serving the same geographic area.
 - (V) Nothing in this paragraph shall be construed to direct the sequence of evidence presented by the parties.

6204. Abandonment or Voluntary Suspension of Authorities.

- (a) A regulated intrastate carrier wishing to abandon or voluntarily suspend its authority(ies), or any portion thereof, shall file an application to do so. The application shall contain information fully explaining why the abandonment or suspension is sought and how the abandonment or suspension will affect the public. The application must also contain a statement, signed by the applicant, that the application contains only information that is true and correct to the best of the applicant's knowledge and belief. The Commission, in its discretion, may either grant such an application without a hearing, after ten day's notice, or set it for hearing.
- (b) Except as specified in paragraph (c) of this rule, a regulated intrastate carrier may not request and the Commission shall not grant a voluntary suspension persisting for longer than:

In the event that a carrier does not have a website, such carrier may post notice of its proposed tariff amendment in a newspaper of general circulation which covers the localities or areas of the state where people affected by the proposed tariff change reside. Such notice shall appear in the newspaper at least 20 days prior to the proposed tariff amendment's effective date. Rules Specifically Applicable to Taxicab Carriers

6250. Applicability of Taxicab Carrier Rules.

Rules 6250 through 6258 apply to all common carriers providing taxicab service. Nothing in these taxicab carrier rules shall alter, amend, modify, suspend, or otherwise affect specific provisions, limitations, or requirements in any authority issued to any common carrier prior to the adoption of these rules.

6251. Definitions.

In addition to the generally applicable definitions in rule 6001, and the definitions applicable to common and contract carriers in rule 6201, the following definitions apply only in the context of these taxicab carrier rules:

- (a) "Base area" means any geographic area in which a taxicab carrier is authorized to provide point-to-point service.
- (b) "Close proximity", as referenced in § 40-10.1-203, C.R.S., means within a one-mile radius and 20 minutes from the drop-off location and time.
- (c) "DIA" means Denver International Airport.
- (d) "Flat rate" means a fixed charge for the use of a taxicab traveling between DIA and one of the zones described in these taxicab carrier rules, regardless of the number of passengers being transported, and regardless of whether the passengers are traveling together.
- (e) "Live meter" means any taxicab meter that, without intervention from the driver, automatically calculates changes in rates due to waiting time, traffic delay, or changes in the taxicab's speed.
- (f) "Multiple loading" means the sharing of a taxicab ride, or portion thereof, by individuals or parties who are not traveling together.
- (g) "Taxicab carrier" means a common carrier with common carrier certificate authorizing service by taxicab.
- (h) "Time call" means a customer's communication with a common carrier requesting a specific date and time for service (otherwise known as an appointment), or the common carrier's service provided in response to the customer's communication, as the context requires.

6252. Notices.

Each taxicab carrier shall post the following notices, as applicable, on the inside of the left window immediately behind the driver's window or on the back of the front seat of each taxicab it operates. Except as provided in subparagraph (f), the font size of such notice shall be at least 14 and the font size of the cab number shall be at least 24. The taxicab carrier shall complete all blanks in the notices.

- (a) The following notice shall be placed in all taxicabs:

NOTICE

Cab No. _____

The driver of this taxicab shall not load other passengers without the permission of the first passenger.

Additional charges may apply for additional passengers, passenger drop offs, baggage and packages, waiting time, pets, and toll or gate charges.

Report any problems to the Public Utilities Commission at (303) 894-2070.

- (b) If the taxicab carrier uses meters only, the notice shall state:

Fares are calculated by use of a meter. The meter fares are _____ for the first _____ mile plus _____ for each additional _____ mile.

- (c) If the taxicab carrier uses a live meter, the notice shall state:

The meter will automatically change to a time charge of _____ per minute when the taxicab's speed is less than _____ miles per hour.

- (d) If the taxicab carrier uses odometers only, the notice shall state:

Fares are calculated by use of the odometer. The fares are _____ for the first _____ mile, plus _____ for each additional _____ mile.

- (e) If the taxicab carrier uses both meters and odometers, such notice shall contain the information specified by paragraphs (b), (c), and (d), as applicable.

- (f) If the taxicab carrier serves DIA subject to the flat rate provided for in rule 6256 the notice shall contain a zone map showing the zones and, except for airport gate fees and drop charges, the applicable flat rate in each zone. The font size may be no less than 12.

6253. Service: Multiple Loading; Routing; Quality.

- (a) Multiple loading.

(I) No taxicab carrier or taxicab driver shall engage in multiple loading from a common point of origin or from separate locations if the taxicab driver receives the second request for service via the taxicab company's dispatch system, unless the first passenger occupying the taxicab agrees to multiple loading.

(II) If a taxicab carrier allows the multiple loading of passengers, the taxicab carrier shall publish, in its tariff, the fares applicable to each passenger being transported in the multiple-load trip. The calculated meter fare for each passenger in a multiple load shall be reduced by a minimum of 20 percent.

(III) If the first passenger agrees to the multiple load, the taxicab driver shall advise the first passenger that the meter charge from his/her origin to destination will be reduced by the percentage named in the taxicab carrier's tariff. The taxicab driver shall also advise the second passenger that the meter charge from his/her origin to destination will be reduced by the percentage named in the taxicab carrier's tariff.

- (b) A taxicab carrier shall ensure that passenger transportation shall be by the shortest possible route between the origin and destination; provided, however, that a passenger may agree to an alternate route or designate the route he or she wishes to travel, if the taxicab carrier has first advised the passenger regarding the extent of deviation from the shortest possible route.

- (c) When a customer calls a taxicab carrier for service, the taxicab carrier shall request a phone number or email address from the passenger and give an estimated time of pickup. Unless its effective tariff specifies a different time, the taxicab carrier shall arrive at the pickup location within 30 minutes from the time the customer first requested service or within five minutes of a time call, whichever is applicable. The time restriction is limited to pickup locations within a 25-mile radius of the taxicab carrier's dispatch center. A taxicab carrier need not provide time call service if doing so would conflict with the 30-minute margin (or such other margin specified in the taxicab carrier's effective tariff) allowed a taxicab carrier under this paragraph. A delay under this rule shall be excused if:
- (I) the customer has left the passenger's telephone number or email address with the taxicab carrier;
 - (II) the taxicab carrier notifies the passenger regarding the delay; and
 - (III) such delay is caused by inclement weather, traffic congestion, or other circumstances beyond the control of the taxicab carrier.

 - (VII) Beginning January 1, 2014, taxicab carriers shall log a driver as being on-duty when the vehicle assigned to said driver, enters an area no less two miles of Denver International Airport or Colorado Springs Municipal Airport, or 500 feet of known taxi stands.
- (b) Hours of operation. Taxicab carriers subject to this rule shall be available to provide service 24 hours per day, every day of the year.
 - (c) Age of motor vehicles. Taxicab carriers subject to this rule shall not use taxicabs older than eight model years as of July 1 of each year. For purposes of this rule, the counting of model years shall begin with the present calendar year. By way of example, between July 1, 2009, and June 30, 2010, counting backwards, 2009 is the first model year, 2008 is the second model year, and so forth. A taxicab carrier operating with vehicles over eight model years old as of the effective date of these rules, shall have two years from the effective date of these rules to comply with this paragraph.

 - (III) the date and time of the customer's request for service;
 - (IV) the address, date, and time of the customer's pickup; and
 - (V) the address of the customer's destination.
- (b) If multiple loading is applicable for a given trip, then the data shall reflect the requirements of this rule for each party involved in the multiple loading trip.

6257. Flat Rates to and from Denver International Airport.

Taxicab carriers authorized to provide service to or from any portion of the zones listed in this rule shall be subject to all the provisions of this rule.

- (a) Flat rate service shall be the only authorized taxicab service between points in the zones described by this rule, on the one hand, and DIA, on the other hand. The flat rates established under this rule shall be the flat rates in effect for every taxicab carrier subject to this rule.
- (b) Flat rate charges.
 - (I) To the extent a taxicab carrier is subject to this rule, such taxicab carrier shall not charge meter rates for service between DIA and the zones listed in this rule, but shall instead charge the flat rates permitted under this rule.
 - (II) Taxicab drivers shall inform passengers of the total charge prior to commencing the trip.
 - (III) Except as specifically authorized by this rule, taxicab carriers providing service between DIA and the zones listed in this rule shall not additionally charge for waiting time, traffic delay, or airport fees.

- (c) Taxicab fares for service from DIA in which two or more parties have agreed to share a taxicab to their respective destinations shall comply with the following requirements. The taxicab driver shall inform the parties of the total charge prior to departing from DIA and advise the parties they must determine how much of the total fare each party is obligated to pay. The total charge may be approximated for taxicab service provided under subparagraphs (II), (III), or (IV) of this paragraph. Taxicab service provided under this paragraph is subject, without limitation, to the multiple loading provisions of paragraphs 6253(a) and 6255(b), and to the tariff provisions in paragraph 6207(d).
 - (I) If the first party is dropped at a point within a defined zone and additional parties are at different points in the same zone, the total fare shall be the appropriate flat rate fare for the zone plus a \$5.00 charge for each additional drop within the zone.
 - (II) If the first party is dropped at a point within a defined zone and the second party is dropped at a point outside of a defined zone the fare for the first party shall be the appropriate flat rate fare for that zone. The fare for the second party shall be the meter fare from the first drop point to the second drop point.
 - (III) If the first party is dropped at a point outside of the defined zones, the flat rate shall not apply
- (d) The zones established in this rule include the following:
 - (I) Zone A (Downtown Denver): Beginning at the intersection of Clarkson Street and Park Avenue West, then northwest on Park Avenue West to Interstate 25, then south on Interstate 25 to 13th Avenue, then east on 13th Avenue to Clarkson Street, then north on Clarkson Street to the point of beginning.

 - (IV) The cost of additional equipment used may be recovered from the motor vehicle owner at the towing carrier's actual costs incurred plus a reasonable administrative fee of not more than twenty-five percent of those actual costs, provided that the actual costs are reasonable by industry standards.
- (d) Rates and charges for nonconsensual tows. Subject to the provisions of this paragraph, the maximum rate that a towing carrier may charge for a nonconsensual tow of a motor vehicle with a GVWR of less than 10,000 pounds performed upon the authorization of the property owner is \$160.00. Except as provided in paragraphs (b), (c), (e), (f), (g), and (h) of this rule, this maximum rate shall include, but not be limited to, charges for the following:

 - (II) Fuel surcharge. The maximum mileage charge shall be adjusted monthly by the Public Utilities Commission by setting a fuel surcharge. The surcharge shall be based on the United States Department of Energy "weekly retail on-highway diesel prices" for the Rocky Mountain region using the price per gallon of \$2.60 as the base rate. The adjustment shall provide a one-percent increase in the mileage rate for every ten-cent increase in fuel cost, or a one-percent decrease in the mileage rate for every ten-cent decrease in fuel cost, but in no event decreasing below the base rate.
 - (III) The maximum mileage that may be charged for a nonconsensual tow for a motor vehicle with a GVWR of less than 10,000 pounds is 12 miles for tows within the Front Range, and 16.5 miles for Non-Front Range tows. - (II) Storage charges for a nonconsensual tow may commence upon placing the motor vehicle in storage.
 - (III) Maximum accumulated charges for abandoned motor vehicles. Unless a hold order has been placed on the motor vehicle by a court, district attorney, or law enforcement agency, or unless extenuating circumstances have prevented a towing carrier from complying with the notice requirements of § 42-4-2103, C.R.S., storage charges after the tow and storage of an abandoned motor vehicle subject to part 21 of title 42, C.R.S. shall not be accumulated beyond 120 days after the mailing date of the report required by § 42-4-2103(4), C.R.S.

 - (III) Sale of an abandoned motor vehicle to cover the outstanding towing and storage charges must be done in accordance with the notice and procedural requirements of Parts 18 and 21 of Article 4 of Title 42, C.R.S., and § 42-5-109, C.R.S.
 - (IV) Additional costs that may be charged when a stored motor vehicle is sold.

 - (ii) In addition, the towing carrier may charge for all other documented expenses of obtaining the VIN verification.

6512. Release of Motor Vehicle.

- (a) The towing carrier shall immediately accept payment of the drop charge, towing, storage, and release charges if payment is offered in cash or valid major credit card. The towing carrier may accept other forms of payment, but beginning September 1, 2012 must accept payment by both MasterCard and Visa. The towing carrier shall release the motor vehicle to:
- (I) the motor vehicle owner, authorized operator, or authorized agent of the owner of the motor vehicle;
 - (II) the lienholder or agent of the lienholder of the motor vehicle; or
 - (III) the insurance company or agent of the insurance company providing coverage on the motor vehicle, if released to the insurance company by the owner.
- (b) Unless the release of the motor vehicle does not comply with the release procedures agreed to between the towing carrier and the applicable law enforcement agency, a towing carrier that accepts for storage a motor vehicle that has been towed as a nonconsensual tow upon the authorization of the property owner shall be available to provide access to or release of the motor vehicle as provided in paragraph (a) to the owner, authorized operator, or authorized agent of the owner of the motor vehicle either:

 - (II) the towing carrier that is to remove the motor vehicle from storage does not have a valid towing carrier permit or proof of motor vehicle liability coverage;
 - (III) a hold order is in place on the motor vehicle by a court, district attorney, law enforcement agency, or law enforcement officer;
 - (IV) the release of the motor vehicle does not comply with the release procedures agreed to between the towing carrier and the applicable law enforcement agency; or
 - (V) the towing carrier, upon notification for the release of or access to a motor vehicle at other than normal business hours, has immediately contacted an appropriate law enforcement agency and, in the interest of public order, has requested a law enforcement officer's presence during the release of the motor vehicle. This exception is applicable when the towing carrier has reason to believe that the motor vehicle's owner, authorized operator, or authorized agent of the owner of the motor vehicle may disrupt the public order.

- (e) The towing carrier may require either written or oral notification from the owner or lienholder of a motor vehicle that the person to whom it is to be released is authorized to take possession of the motor vehicle.
- (f) A towing carrier shall not refuse to relinquish prescription medicines, medical equipment, medical devices, or any child restraint system, under any circumstances. The towing carrier shall immediately relinquish such items upon demand, without requiring payment and without additional charge.

CONSUMER ADVISEMENT

Intrastate movers in Colorado are regulated by the Colorado Public Utilities Commission (PUC). Each mover should have a PUC permit number. You are encouraged to contact the PUC to confirm that the mover you are using is indeed permitted in Colorado.

A mover that is not permitted may not withhold any of your property to enforce payment of money due under the contract ('carrier's lien').

A mover must include its PUC permit number, true name, and physical (street) address in all advertisements.

You should be aware that the total price of any household move can change, based on a number of factors that may include at least the following:

Additional services you request at the time of the move;

Additional items to be moved that were not included in the mover's original estimate;

Changes to the location or accessibility of building entrances, at either end of the move, that were not included in the mover's original estimate; and

Changes to the previously agreed date of pickup or delivery.

You should also be aware that, in case of a dispute between you and the mover, Colorado has an arbitration process available to resolve the dispute without going to court.

If you have any questions, you are encouraged to call the PUC at (303) 894-2070 for guidance on your rights and obligations.

I acknowledge that I have been given a copy of this consumer advisement to keep for my records.

Signed _____ (shipper). Date _____

- (b) In the event of a dispute between the shipper and the mover regarding the amount charged for services or concerning lost or damaged goods, the mover shall offer the shipper the opportunity to participate in binding arbitration per the requirements of § 40-10.1-507, C.R.S.

- (I) shall mail to the shipper a notice of such alternate storage location within two business days.
 - (II) may only charge additional fees for such alternate storage (e.g., in excess of those set forth in the contract) unloading services, and reloading services, if:
 - (A) such additional fees are reasonable; and
 - (B) storage at the alternate storage location is necessitated by some act or omission of the shipper, or is necessitated by circumstances beyond the control of the mover.
- (d) Notwithstanding any other provision of this rule, upon written request from the shipper, the mover shall notify the shipper of the storage location and the amount due. Such notice shall be given within five days of receipt of the written request.
- (e) If a mover opts not to place the shipper's household goods in storage pursuant to paragraph (c) of this rule, the mover shall take reasonable care to ensure the safekeeping of such household goods.
